

International Webinar on “New Trends in Ecology and Environmental Research”

Date: 09th and 10th March, 2024

भारत 2023 INDIA

वयुधैव कुटुम्बकम्

ONE EARTH • ONE FAMILY • ONE FUTURE

Google Meet

Jointly Organised By:

**International Foundation
for Environment and
Ecology (IFEE), Kolkata
West Bengal**

**Dept. of Zoology
Mahishadal Raj College
Dist.- Purba Medinipur
West Bengal**

**Scientific and
Environmental Research
Institute (SERI), Kolkata
West Bengal**

INTRODUCTION

Ecology is the natural science of the relationships among living organisms, including humans, and their physical environment. Ecology broadly encompasses biodiversity, ecosystem, population, climate, ecological crisis, ecosystem productivity, marine ecology and other related aspects. In recent time emphasis has been given on ecosystem changes which are intensifying worldwide owing to climate change and environmental disturbances. This has led to an increase in large-scale disasters.

Environmental Research seeks to describe the structure and function of the natural world, as well as the relationship between this world and humans or human civilization. This is the body of research that provides much of our understanding of biology and earth systems science. Environmental research focuses on the changes that are taking place in the natural and human environments as a result of human activity, either to understand these changes or to seek solutions. For the past 30 years or so, this type of research has come to dominate the agenda of government agencies that support environmental research.

Environmental research is vital for conservation. This type of research can help to find safe practices for production and consumption to reduce the negative effects of human activity on the environment. Researching can help to develop preventative measures or optimize the use of natural resources to reduce over exploitation.

Against this backdrop an International Webinar entitled “**New Trends in Ecology and Environmental Research**” has been orchestrated by International Foundation for Environment and Ecology (IFEE), Kolkata jointly with Dept. of Zoology, Mahishadal Raj College, Dist.- Purba Medinipur, West Bengal and Scientific and Environmental Research Institute (SERI), Kolkata on 9th -10th March 2024 *via* Google Meet.

The webinar aims to provide a forum to academicians, research scholars, ecologists and students to share their research work on ecology and environmental research and to make recommendations for further course of action in ecology and environmental research.

THEMES & SUB THEMES

The theme of the Webinar is “**New Trends in Ecology and Environmental Research.**”

Academicians, faculties, Scientists, Environmentalists, Ecologists, Students and Research Scholars are cordially invited to attend the webinar through Google meet and send their abstracts strictly adhering to the subthemes mentioned below:

1. Biodiversity and Climate Change
2. Aquatic Ecology
3. Human Impacts and Resilience
4. Conservation Biology and Natural Resource Management
5. Energy and the Environment
6. Land, Waste and Clean Up
7. Urban Ecology and Population Ecology
8. Environmental Pollution
9. Political Ecology
10. Agro -ecology

CALL FOR ABSTRACTS

Any author can send more than one abstract individually / jointly. Abstracts must all be submitted in English. The number of abstracts per presenting author is limited to one in each theme. Both abstracts of oral and poster presentations will appear in the book of abstracts at the time of Conference. The abstract(s) should not have more than 400 words and should be sent as email attachment to:
ifee.conference@gmail.com

Any author can send more than one abstract individually / jointly. Abstracts must all be submitted in English. The number of abstracts per presenting author is limited to one in each theme. Both abstracts of oral and poster presentations will appear in the book of abstracts at the time of Conference. The abstract(s) should not have more than 400 words and should be sent as email attachment to:
ifee.conference@gmail.com

(i) Abstracts must be submitted electronically as an attachment in MS WORD format via Email:
ifee.conference@gmail.com

(ii) Abstracts should be data oriented reflecting the major findings of the paper.

(iii) All abstracts will be reviewed by panel of experts and will be selected either for oral or poster presentation.

(iv) At least one author should register by paying the required registration fee. Only registered participants will be allowed to attend the Conference.

(v) The title of the paper centred aligned (Font Size- 14, Style- Times New Roman Bold).

(vi) Name of the author(s) centred in bold letters (Font Size- 12, Style- Times New Roman Italic).

(vii) The author(s) should clearly mention their name, affiliation, contact number and e-mail. The name of the corresponding and presenting authors should be specifically mentioned (Font Size- 12, Style- Times New Roman Normal).

(viii) Keywords (3-5), avoiding duplication with the title.

REGISTRATION FEES

- Faculty and Academician: ₹ 400/-
- Research Scholars: ₹ 300/-
- Student: ₹ 200/-

IMPORTANT DATES

- Submission of Abstracts: **06.03.2024**
- Abstract Acceptance Notification: **07.03.2024**
- Submission of Registration Fees: **08.03.2024**

Bank Account Details:

Name of the Account: International Foundation for Environment and Ecology

Account No.: 50200061108144 (HDFC Bank, Park Street Br.)

IFSC: HDFC0000693

PhonePe/ GPay: 9831446832 (Tanmoy Rudra)

Registration fees can be sent only Bank Transfer through NEFT/ BHIM UPI/ GPay/ PhonePe or any mode of digital Banking
