

MAHISHADAL RAJ COLLEGE

DEPARTMENT OF PHILOSOPHY

Programme Specific Outcome (PSO)

Logic and reason are the cornerstones of philosophy. As a subject of philosophy increases:

- The power of realization.,
- The power and process of proper thinking.
- The ability to think freely, deeply, clearly and carefully.
- The ability to detect and solve the problem.
- The ability of questioning.
- The capability of making right judgement.
- The power of insight.
- The power of analytical abilities.
- Ability to work across disciplinary boundaries.
- The power of exercising logical reasoning to solve our day-to-day problems.
- The sense of duty and responsibility.
- The power of developing communication in the society culturally and globally.
